SANTIAGO RESPITED

The Bombardment Is Postponed Today

ADMIRAL SAMPSON MUST FORCE THE HARBOR

Washington, July 5, 3:30 p. m.—Special—Santiago has a brief respite. At the cabinet meeting today Secretary of War Alger announced that General Pando had left Santiago. The bombardment, which was to have begun today, was postponed because Admiral Sampson will first be required to force the harbor, and General Shafter's troops, it is thought, will be benefitted by few days' rest after the trying campaign through which they have just gone.

Washington, July 5.—Special—According to the declared determination of General Shafter, Santiago will be in ruins before nightfall. Unless the Spanish commander surrenders before noon, the American flag will certainly float over the city today. The dispatches from General Shafter indicate that he is in very hopeful mood regarding the situation.

Admiral Sampson has been asked for a report on the condition of the beached vessels, and if it is possible to save any of Cervera's ships, they will be added to the American navy.

Siboney July 5.—Special—The men at the front are manning the batteries that frown down upon the city of Santiago from the heights around the city and are eagerly awaiting the signal to begin the bombardment. There are rumors that reinforcements have reached Santiago, but the rumor has not been confirmed, and is not generally credited.

Cadiz Fleet In Canal.

Washington, July 5.—Special—The American consul at Port Said, Watts, cables that Admiral Camara's fleet has started through the canal, and is now on the way to the Philippines. That Dewey will annihilate the fleet on its arrival is not questioned. Camara is going to his doom.

Did Dewey Take Manila.

Washington, July 5.—Special—Not all of the Fourth of July news in yet, it is believed here. Advices from Manila were to the effect that Admiral Dewey planned a land and sea attack to take the place yesterday, and partisans of the Asiatic squadron think Manila has fallen.

Admiral Cervera's Loss.

Madrid, July 5.—Special—During Friday's battle, the casualties among the men landed from Admiral Cervera's ships were seventy one killed and wounded.

ADMIRAL CERVERA.

SPAIN MAY GIVE IT UP

The Santiago Victory May Be Final Stroke

FEELERS ARE SENT OUT AND PEACE TALK PLENTY

New York, July 5.—Special—The indications are that the Santiago victory will end the war. A Cadiz special to The Herald says that if the news of the destruction of Admiral Cervera's fleet is confirmed, it is believed, in that city, that it will terminate the war. Already it is rumored that serious trouble is brewing in Madrid.

Berlin, July 5.—Special—Feelers have been put out from Spanish quarters with a view to ascertaining how the powers and the United States are likely to regard the terms of peace that Spain is willing to propose. The terms are said to contemplate the independence of Cuba and the Philippines and the payment of a heavy indemnity to the United States.

London, July 5.—Special—The Spanish papers admit that their position is hopeless, and urge the advice of peace negotiations with the United States at once.

Spanish Suppress Facts.

Madrid, July 5.—Special—The official dispatches received here merely admit the loss of two of Admiral Cervera's torpedo boat destroyers. The complete annihilation of the fleet is not known to the general public here. An outbreak is feared when the truth is revealed.

Madrid, July 5.—Special—The official dispatches refrain from telling of Admiral Cervera's defeat and capture by the American fleet. The news would undoubtedly cause a turmoil, and riots would follow.

British Leave Santiago.

London, July 5.—Special—Dispatches from Kingston say the British consul and one hundred and fifty British subjects were taken away from Santiago today by a British cruiser.

London Is Pleased.

London, July 5.—Special—The utter annihilation of Admiral Cervera's fleet was well received here. Peace talk is already heard in semi-official circles.

Sent Reinforcements.

New York, July 5.—Special—The auxiliary cruiser St. Paul will sail for Santiago tomorrow with supplies and reinforcements for General Shafter.

Alfonso XIII In Flames.

London, July 5.—Special—A dispatch from Gibraltar reports that the Spanish auxiliary cruiser Alphonso XIII, is on fire in Cadiz bay.

MAJ. GEN. WILLIAM R. SHAFTER, FIFTH CORPS.

Major General Shafter is a native of Kalamazoo county, Mich., and is 66 years old. In the civil war he was brevetted brigadier general of volunteers. In 1886 he was appointed lieutenant colonel U. S. infantry and brigadier general in 1897.

FEELING AT WASHINGTON.

Great Rejoicing at the National Capital.

APPROPRIATE FOURTH OF JULY.

Dispatches from Sampson and Shafter Cause Gratification Among the War Officials and Citizens—Spanish Commander Refuses to Surrender.

Washington, July 5.—Victory on victory; success on success. That is the record of the most glorious Fourth of July since the birth of the government. First in importance came a startling official dispatch from Admiral Sampson saying he had annihilated the Spanish fleet, not one vessel escaping, taking prisoner Admiral Cervera and 1,300 men. This great achievement was greeted with the wildest enthusiasm that the national capital has seen since the fall of Vicksburg, thirty-five years ago. The white house and the war, state and navy buildings rang with cheer after cheer, in which dignified officials forgot their usual decorum and joined in the general rejoicing.

The president was overjoyed, and with his cabinet officers about him received congratulations on the nation's success. Telegrams poured in to him from all parts of the country, expressing the delight of people everywhere.

Admiral Sampson tells the story of the battle in the following dispatch:

"Off Santiago de Cuba, July 4.—Secretary of War, Washington.—The fleet under my command offers the nation as a Fourth of July present the destruction of the whole of Admiral Cervera's fleet. Not one escaped. It attempted to leave the harbor at 9:30 Sunday morning; at 2 the last ship, the Cristobal Colon, had run ashore sixty miles off Santiago and had hauled down her colors. The Infanta Maria Teresa, Oquendo and Vizcaya were forced ashore, burned and blown up within twenty miles of Santiago. The Furor and Pluton were destroyed within four miles of the fort. Our loss was one killed and two wounded. The enemy's loss is probably several hundred from gun fire, explosion and drowning. About 1,300 prisoners were taken, including Admiral Cervera. The man killed was George E. Ellis, chief yeoman of the Brooklyn.

"(Signed) SAMPSON."

This was all that Secretary Long received during the day, but it was enough. The harbor is now clear and it is expected that Admiral Sampson's next move will be to sail inside the harbor, up to the very docks of Santiago, and blow it off the earth.

Cervera has cleared the way and Sampson will profit thereby. It is believed he will do this at once and cooperate with Gen. Shafter in bombarding the city from land and sea. Shafter has given notice to the Spanish general that the bombardment will begin promptly at noon today unless Santiago surrenders before that time.

It is believed that the city will surrender at the last moment, otherwise the most terrific destruction will occur. Late yesterday afternoon Secretary Alger gave out Gen. Shafter's last dispatch, in which he tells of his demand for surrender. The dispatch is as follows:

"Playa Del Este, July 4, 1898.—To Hon. R. A. Alger, Secretary of War, Washington.

"Headquarters Fifth Army Corps, 3.

"The following is my demand for the surrender of the city of Santiago:

"Headquarters U. S. Forces, Near San Juan River, Cuba, July 3.

"To the Commanding General of the Spanish Forces, Santiago de Cuba.—Sir: I shall be obliged, unless you surrender, to shell Santiago de Cuba. Please inform the citizens of foreign nations and all women and children that they should leave the city before 10 o'clock tomorrow morning. Very respectfully,

"Your Obedient Servant,

"W. R. SHAFTER,

"Major-General U. S. A.

"The following is the Spanish reply, which Col. Dorst has just returned:

"Santiago de Cuba, July 3.

"To His Excellency the General Commanding Forces of U. S., San Juan River.—Sir: I have the honor to reply to your communication of today, written at 8:30 a. m., and received at 2 p. m., demanding the surrender of this city; on the contrary case announcing to me that you will bombard this city, and that I advise the foreign women and children that they must leave before 10 o'clock tomorrow morning. It is my duty to say to you that I will not surrender, and that I will inform the foreign consuls and inhabitants of the contents of your message.

Very respectfully,

"JOS. R. TORAL,

"Commander-in-Chief, 4th Corps.

"The British, Portuguese, Chinese and Norwegian consuls have come to my line with Col. Dorst. They ask if non-combatants can occupy the town of Caney and railroad points and ask until 10 o'clock of the 5th inst. before the city is fired upon. They claim that there are between 15,000 and 20,000 people, many of them old, who will leave. They ask if I can supply them with food, which I cannot do for want of transportation to Caney, which is fifteen miles from my landing."

Gen. Shafter then gives his final answer to Gen. Toral, the Spanish commander. He notified the Spaniard that because of the request of the foreign consuls the bombardment would be deferred, but that it would begin promptly at noon today unless surrender was made by that time. If surrender occurred the American

Spanish barracks, raising the stars and stripes over all public buildings. Shafter sent many other dispatches during the day, saying he was complete master of the situation, and that the Spaniards were again considering a proposition to surrender.

He told how our troops were eager for more fighting, and that one band kept at the front line of fire playing "The Star Spangled Banner," and "There'll Be a Hot Time in the Old Town Tonight."

Dewey's reports were equally gratifying, as he has captured a group of Spanish islands and also a Spanish garrison with a large number of prisoners. At night Washington was ablaze with illuminations and resonant with the boom of cannon, celebrating these great victories on land and sea, and those to come, for no one doubts that either Santiago will surrender today or else the Spanish garrison will be wiped out.

Another account of the battle says: "The Cristobal Colon was the first Spanish ship out of the harbor. A battleship pursued her at once and smashed her to pieces. Admiral Cervera was on the Maria Teresa and after she was burning Cervera was taken off by one of our small boats. The Cubans on the shore prevented escape that way. Commodore Schley was in command most of the time, as Admiral Sampson arrived when the battle was well on. The New York then joined in the attack. The Spaniards fought gamely and beached their ships rather than surrender. Many explosions occurred while the ships burned, and scores of Spanish soldiers struggled in the water. The number of Spanish killed and wounded will probably reach 700."

LADRONES ARE OURS.

Taken by Our Troops Before They Landed at Cavite.

Hong Kong, July 5.—The United States dispatch boat Zafiro, which left Cavite, Manila harbor, on July 1, has arrived here. She reports that the American troops in the transports City of Sydney, City of Pekin and Australia, conveyed by the Charleston, arrived at Cavite on June 30, having taken the Ladrones islands on the way and having left them there.

The Spanish governor and other officials were captured and brought to Cavite.

The United States troops commenced to disembark at Cavite on July 1.

Great Anxiety at Madrid.

London, July 5.—The Madrid correspondent of the Standard says: "The official dispatch with reference to the fighting at Santiago de Cuba has caused a painful sensation. The queen regent has sent an expression of her sympathy to Senora Linarez, wife of Gen. Linarez, who is residing in Madrid. The greatest anxiety is felt by all classes. The press of all sections is angry because no proper measures have been taken to re-enforce Gen. Linarez. The queen regent is deeply concerned and has requested her ministers to send her all dispatches, no matter at what hour they arrive."

Spanish Admit Heavy Loss.

Madrid, July 5.—Private dispatches from Santiago give the following details: "General Shafter's army, composed of 17,000 infantry and 82 siege guns of various caliber, attacked the Spanish positions before Santiago, 6,000 rebels under Garcia assisting them. The Spaniards had only 2,000 men, partly volunteers. Our troops fought with heroic courage. The battle lasted three hours, and the Spanish were then compelled to abandon the trenches and to fall back on Santiago. The retreat was conducted in perfect order. Our losses were very heavy."

Troops to Go to Savannah.

Savannah, Ga., July 5.—The railroads here have been ordered to arrange for the transportation at once of 5,000 troops from Tampa to Savannah. They will be brought here for the purpose of embarking on the Atlantic transports to go as re-enforcements to Gen. Shafter. The transports have already left New York. It is reported, and the men will be brought here by the time they arrive. Just what regiments this includes is not definitely known.

Casualties Reach a Thousand.

Siboney, Cuba, July 2, via Port Antonio, Jamaica and Kingston, July 5.—A conservative estimate by army men—not official—is that our casualties during Friday's fighting were nearly, if not quite, a thousand, about 15 per cent of which were deaths.

Saturday's casualties on the American side were much lower, because our troops had been well entrenched the night before.

NO CHANGE IN THE PLANS.

Gen. Miles Still Intends to Go to Cuba.

THE TALKS OF THE SITUATION.

The Fall of Santiago and the Destruction of Cervera's Fleet He Considers Only Incidents in the Campaign Against Spain.

New York, July 5.—A Washington dispatch to the Herald says: "In spite of the fall of Santiago Gen. Nelson A. Miles will still go to Santiago as he had originally planned. Discussing the capture of Cervera's fleet and the surrender of Santiago, he said:

"That will make no difference in my decision to go to Santiago. While the objective purpose in going to Santiago was the destruction of Cervera's fleet, yet both Santiago and the fleet come only as incidents in the general campaign against Spain and Spanish troops; therefore, though the troops now enroute to Santiago can no longer, perhaps, be called re-enforcements, yet they will swell the number of our troops in the general invasion."

Gen. Miles was asked if he would go there before going to Porto Rico. He declined to answer this question, but yet proceeded to say that a landing of troops for Havana could be accomplished in a way similar to the landing of Santiago, without putting them ashore actually at Havana itself."

May Be Forerunner of Peace.

Washington, July 5.—It is the belief here that the destruction of the Spanish fleet will be the forerunner of peace, inasmuch as it will convince Spain and the civilized world that further continuance of the war is the sheerest folly.

Suspected Spanish Spy.

New York, July 5.—A Spaniard, who said he was a Cuban, arrived on the La Touraine. His name was withheld by Commissioner Fitch. Letters from Madrid were found on him, the contents of which were not made public. The man was sent from the barge office to Ellis island, guarded by officers.

SENATE IN SESSION.

Upper House Does Not Adjourn for Fourth of July.

Washington, July 5.—The senate was in session on the Fourth of July, an unusual sitting, but deemed necessary by the friends of the Hawaiian annexation resolution. It is probable that the week will be consumed in the discussion of the resolution unless a vote is reached the middle of the week, which some of the senators hope. No other business is to be considered that leads to any extended debate until there is a vote on the Hawaiian resolutions. Of course any war legislation which might be necessary would be considered, but there is no expectation of any emergency demands.

The house was not in session, adjournment having been taken until Tuesday. There is no definite program determined upon for the week.

Uneasy Feeling in Spain.

Madrid, July 5.—The Spanish government will wait until the City of Santiago has fallen into the hands of the American forces before a definite policy will be adopted concerning the future conduct of the war and the settlement of the internal crisis, which at this moment threatens the dynasty and jeopardizes the ministry. The news that the United States will send a squadron to bombard the Spanish coast has aroused a feeling of resentment and fear. There is much bombastic talk about continuing the war, but really the feeling is one of apprehension and fear.

Official Denial Made.

Berlin, July 5.—The Wolf News Bureau has issued an official denial of the statement that Germany, France and Russia have reached an understanding relative to the Philippine Islands and that an international congress will be held when the Spanish-American war is over, similar to the Berlin congress of 1878, so far as Germany is concerned. The statement thus denied was published in the Frankfurter Zeitung.

Infernal Machine Makes Havoc.

New York, July 5.—A mysterious explosion, which the police think was caused by an infernal machine, racked the Postal Telegraph building, at Broadway and Murray street, wrecking one whole floor and shattering every window in the building. A fierce fire followed the explosion, which was terrific, breaking windows in buildings for two or three blocks around.

WHAT TO WEAR.

Styles to Be Adopted For Spring and Summer Wardrobes.

A perfectly plain decolletage is seen in some of the newest evening bodices, the edge being finished with a bertha or even a ribbon band. This style can only be worn, of course, when the neck and shoulders are unusually beautiful. The decolletage carried straight across the top of the arms is also seen.

Among pretty spring wraps are very short capes having a fancifully cut yoke of silk or velvet embroidered with beads and sequins. A full plating of lace or mousseline de sole, with a silk lining, is mounted on the yoke and is prolonged in a slight point in front. The collar is always high and flaring and is lined with lace or ostrich-plumage.

Crepes de chine, tulle, gauze and mousseline-de-sole carry all before them and enjoy unqualified favor. They will be much worn all summer and are certainly capable of most charming developments.

Even in summer travelers always require warm wraps, and the half length capes of soft, thick wool, with capuchons, are exactly what is required. They are so warm as to require no lining, but are yet light in weight. The two sides are entirely

HOUSE GOWNS.

different both in color and design, as a rule, and the outside is often of a plain, subdued color, while the inside is of bright plaid. The inside color serves for covers and for the capuchon.

Thin black cloth, richly embroidered, composes entirely new and very fashionable spring jackets of novel cut. The basque is always short and quite flat, ripples having disappeared from the domain of the relaxing mode. A belt is often a feature of the jacket, and a high, flaring collar is inevitable.

The picture given in today's issue shows a new model for a house gown. It is of mauve or light green color, has a yoke covered with bands of black satin ribbon. The body of the gown fits at the sides, but has a double waistcoat plait at the back and a stole plait in front outlined with the black ribbon. Four whorls of material, bordered with black ribbon, form a bertha around the yoke. The loose sleeves are gathered into a black satin band at the wrist, from which falls a deep cuff of material edged with ribbon.

THE APPROACH OF SUMMER.

The Prospect of Warm Weather Brings Out a Host of Pretty Things to Wear.

Black and white, always a fashionable and effective combination, appears this spring in a new form, one of the novelties presented as models of future fashions being a half length jacket or coat of white cloth, with revers, cuffs and buttons of black velvet. Such a coat as this could only be adopted by a woman with an extensive wardrobe, as it is too striking to be worn for general service, even were it not easily defaced.

Tulle blouses are as much worn as ever, but they are not so full and are more variously trimmed. Tiny tucks, bands and ruffles of narrow ribbon, ruffles of tulle or mousseline de sole and even little frills of valenciennes lace are the ornamentation.

Parisian women, who find themselves overwhelmed with social duties, have taken to afternoon teas in self defense, as it is simpler to drive from one house to another

posse some charming bow ties, which are often adorned with buttons of rock crystal, a striking novelty.

It has been already mentioned in this column that bolsters, lawns and zephyrs embroidered with black dots are a summer novelty. These in straw, sky blue, green, pink or mauve compose exceedingly pretty shirt waists, which are already put upon the market, although it is early as yet for such thin apparel.

A pretty summer gown is shown which is made of crepe de chine with green silk stripes, which are arranged horizontally. A blouse of plain crepe de chine embroidered with scallops gives a redingote effect to the skirt. The blouse bodice is draped with a fichu which is edged by a plating of pink mousseline de sole. The belt is of green and pink changeable taffeta, as is the high, soft collar. JUDIE CHOLLET.

Laws of Warfare Violated.

Washington, July 5.—The navy department has received from Guantanamo specimens of the Mauser cartridges used by the Spaniards. The experts of the ordnance department were astonished at the character of these projectiles. They find on examination that the Spanish bullets have a tendency to expand, thus mutilating the wounds made. In addition to this, the Spanish bullets were incased in a brass casing, which, it is believed, will cause blood poisoning in the wound. The experts say that these bullets are contrary to the laws of civilized warfare.

Indians Causing Trouble.

Guthrie, Okla., July 5.—A party of Ute and Pueblo Indians, 50 in number, from western Colorado, have arrived overland to visit the Cheyennes and Arapahoes at Cantonment. They have already started a series of dances and feasts, and are drawing the Arapahoes away from their farms and live stock, and Agent Woodson has telegraphed the Indian bureau demanding that they order the visitors home before they demoralize the Indians of his reservation and spoil years of training.

Spanish Governor's Report.

Madrid, July 5.—An official dispatch from Manila under date of June 28, says that the situation there is unchanged. Gov. Gen. Augusti says: "Gen. Monet has fought his way through and arrived with 1,000 men at Macabee, where he is entrenched. If the enemy assaults Manila I have ordered him to force his way to my assistance, though I believe that would be difficult."

Buying Foreign Vessels.

London, July 5.—The Hamburg correspondent of the Daily Mail says: "Two Bremen Atlantic liners have been sold to a syndicate in New York for \$1,250,000. The same syndicate has acquired the new British steamer Monmouth, which left New Orleans June 10 and arrived at Bremen on July 1, for \$750,000. The Monmouth will sail for New York on July 4, with a new crew."

The O'Higgins Not for Sale.

New York, July 5.—A Washington dispatch to the Herald says: "Chile has declined to sell the armored cruiser O'Higgins to the United States. Owing to this refusal the navy department now believes that the cruiser will not be sold either to Spain or the United States."

An Old Lady On a Wheel

Came into the store yesterday and went out into the Children's Department. Ever noticed her on the street? One of the best riders in town, and she DOESN'T wear Bloomers.

But as she passed out she stopped and fingered some SWEATERS in our Furnishing Goods Department and remarked that she "wished she could wear them." We have them as low as 50c. A fine EGYPTIAN COTTON Sweater which has proved the most popular thing of the kind ever seen in the city. Twenty dozen just in. Better see them. An all wool Sweater, blue, black, maroon, \$1.00. A better grade, nice assortment of colors, with Byron Roll Collars, striped with a different color, \$1.75 to \$2.50. If you ride a bike and sweat, ride your bike around for a Sweater.

Fine groceries for fine people.

Five reasons why many of our first families go out of their way to buy here:

Do you know that many of our customers are the wealthiest and most particular people in this town? They are people who have tried other stores—large ones, maybe—but were never fully satisfied until they came here.

FIRST—because we sell "guaranteed groceries"—groceries guaranteed to be best in every way. No auction groceries; no seconds.
SECOND—because we give you your money back the minute you want it—the minute our goods fail to please.
THIRD—because our groceries are fresh and clean and pure. Nothing is allowed to grow old or old looking. We think we have the model grocery of Janesville.
FOURTH—because our prices are as low as any other grocer who sells good groceries. The rich customer usually wants things as low-priced as the most economical customer.
FIFTH—because we pay more attention to quick delivery service than others, and send up anything at any time good naturedly.

If you are not fully pleased with your present grocer, send us a trial order. You can go back to him again—if you choose.

First Congressional District Republican Convention

A republican convention for the First Congressional District of Wisconsin will be held at Elkhorn, Wis., on Wednesday, August 10, 1898, at 12 o'clock noon, for the purpose of placing in nomination a candidate for congress, electing a congressional committee, and the transacting of any other business that may properly come before the convention. Each assembly district will be entitled to one delegate for every 250 votes cast for the republican candidate for President in 1896, and an additional delegate for a major fraction. The several assembly districts will be entitled to representation in the convention as follows:
Green, twelve.
Kenosha, twelve.
Lafayette, twelve.
Racine, First district, twelve.
Racine, Second district, eleven.
Rock, First district, nine.
Rock, Second district, eleven.
Rock, Third district, thirteen.
Walworth, First district, ten.
Walworth, Second district, eleven.
Dated July 5, 1898.

Chairman First Congressional District Republican Convention.

HEARST SEES THE LIGHT.

Editor Hearst, of the New York Journal, the original yellow paper, whose criticism of President McKinley, has been continual, finally decided to go to the front himself. As a result, he becomes a supporter of the administration. In the telegram sent his paper from the field, he says:
"The officers have full control of the men. There is no apparent clash of authority, and it is now obvious, not only to military critics, but to laymen, that McKinley wisely chose not to send these thousands of men into this scorching, blistering jungle until it was an effective army, well balanced and adjusted, and fit to fight a desperate enemy under a tropic sun. The army got here neither too soon nor too late. The stroke was timed, with sure judgment. Now that I am here on the spot I can actually see the difficulties and peculiarities of this campaign. I am satisfied that McKinley was right in deciding to attack Santiago rather than Havana. With good water and high ground here we may accomplish in the rainy season what would have been a sheer impossibility in the deadly lowlands and swamps of Havana province."

GENERAL WILLIAM R. SHAFTER.

General Shafter was a colonel when the war broke out, but was promoted to major general, and sent to Cuba by President McKinley. His service in the cause of the stars and stripes dates from August 22, 1891, when he was commissioned second lieutenant of the Seventh Michigan Volunteer Infantry. He was mustered out in 1895 with the brevet rank of brigadier general, and in 1896 accepted a lieutenant colonel's commission in the regular army. He became colonel in 1899, and assigned to the First United States Infantry, which regiment he commanded until he was sent to Santiago. He is not a graduate of the West Point academy.

The attention of Col. Bryan might properly be called to the fact that the deposits in the Milwaukee banks were increased by some twelve millions of dollars last week. The people evidently have more confidence in the bankers than Col. Bryan is willing to admit.

When the Spanish ships at Santiago began to sink, the fishes are said to have called their families about them and said "don't venture away from home today my children, for it's raining great guns."

The Chicago stereotypers should attempt to make their em-

resume publication at the earliest possible moment.

The Chicago publishers have requested that no outside papers be sent to Chicago. The Gazette has abandoned the idea of getting out a Chicago edition each day.

And simply as a means of giving the soldiers a little exercise on shore the Manila expedition stopped at the Cadrona islands while enroute and gathered them in.

Many a Chicago reporter is taking the first vacation he has had in years—and as a rule he does not get \$3.75 for eight hours work, either.

The stereotypers handle so much lead that they thought their "clinch" compared favorably with a piece of pipe made of that metal.

Milwaukee populists no longer believe in fashion with the democrats, and henceforth will refuse to rake the chestnuts from the stove.

Sixty-four thousand people visited Milwaukee during the carnival. How many of them were politicians has not yet been determined.

The populists who want to muzzle the "plutocratic press" should confer with the members of the Chicago Stereotypers' Union.

And it will be noticed that the greatest victory was won while the strategy board of The Chicago Tribune was not on duty.

France, Germany and Russia join in an official denial of the statement that they contemplate burning their fingers at the Philippines.

After the fight at Santiago black and blue, so to speak, became the national colors of the Spaniards.

A remarkable absence of "stereotyped expressions" is noted when the Chicago papers are read these days.

The warring Chicago papers have now reached "an agreement of honorable peace" with each other.

The Milwaukee Sentinel is found on guard at many Janesville front doors these fine July mornings.

The Spaniards can now better understand the full force of General Sherman's declaration.

Perhaps Chicago would be better off if a couple of the papers didn't resume publication.

The suspension of the debate on the Allen law is quite a relief anyway.

The motto of the Chicago papers seems to be "when in doubt, quit."

New York Barrooms Too Economical.

"There is scarcely a hotel in New York, or a barroom, for that matter," said a man who sells the liquor and knows what is done with it, "that uses the same whisky in mixed drinks that is used when whisky alone is ordered. An inferior brand is almost invariably substituted, and this is done not at the cheaper places, where one might expect to find it, but at the highest-priced hotels. The motive is, of course, economy. The barkeepers argue that in a cocktail an inferior whisky is quite as good as one of better quality. That is, of course, false. I know one hotel at which the whisky is deservedly well known and liked. But the cocktails, in spite of the fact that they are made by a man who has been in the place for more than twenty years and has not forgotten his skill, are always inferior. The reason of that is to be found in the fact that the whisky is of such an inferior brand that it ruins the mixed drinks. But the man who drinks it plain has nothing to complain of. There are the same causes for complaint in two-thirds of the New York bars. Men often wonder why cocktails are inferior and the rest of the liquor good. That is the reason."—New York Sun.

Life-Saving Wit.

An instance of extreme "stupidity" of mind on the part of a seven-year-old girl is reported by the St. Louis Globe-Democrat. The girl's name is Agnes McCullough. Her grandmother, a woman of seventy years, had shown signs of mental aberration for several weeks, but no one had thought of her as liable to commit violence. One morning, however, when Agnes and the old lady were alone in an upper room, the grandmother seized a butcher-knife which had been lying on the table, and ran for the child, who was sitting on the edge of the bed, partially dressed. The insane woman grabbed the girl by the hair and screamed: "Now, I'll kill you! You are none of my children!" The little girl, with intuition remarkable for her years, realized that she was in the grasp of an insane person. "Grandma, don't get the blood on the bedclothes. Wait till I get a towel," she said. The woman released her hold on the child's hair, and she ran down to the kitchen, where she told her mother. The two hurried to the police station.

WEDDING BELLS RANG OUT TODAY

BURNS JOYCE NUPTIALS ARE CELEBRATED

Ceremony Was Performed at St. Patrick's Church and Was Very Impressive—Charles Kneff and Miss Phemie Grant Wedded—Other Nuptial Events.

At St. Patrick's church at 8:30 o'clock this morning the marriage of Miss Phemie Grant and Charles Kneff was celebrated. The bride, who is a daughter of Patrick Joyce and is a most worthy young lady, she is possessed of a lovable nature that has made for her warm friends without number. The groom is too well known to need any introduction. As a business man he stands in the front ranks and has the respect of all.

After an extended trip to the east Mr. and Mrs. Burns will return to the River City where they will find awaiting them a most hearty welcome.

Kneff-Grant.
Charles F. Kneff and Miss Phemie Grant, both of this city, were united in the holy bonds of matrimony Sunday evening, at 8 o'clock, by the Rev. R. J. Roche, of St. Mary's church parsonage.

Daniel Smith, a former Janesville boy now of Chicago, acted as best man, while Miss Lillian Duob was maid of honor. The marriage was a surprise to the numerous friends and the happy couple have ever since been the recipient of warm congratulations.

The bride is a well known Janesville girl who of late has been at Menominee, Mich., where she went with the Richardson Shoe Company. She is well known to the music loving public, and is a young lady possessed of many accomplishments.

The groom is the son of Mr. and Mrs. John Kneff and is a tailor by trade. He is a most worthy young man who has the respect of all. For the present Mr. and Mrs. Kneff will make their home with a brother of the groom.

Milner-Weesloch.
On Sunday morning at the home of the bride in Logansville, Wis., was solemnized the marriage of Miss Bertha Weesloch and Prof. M. F. Milner. Following the ceremony a delightful wedding repast was served. The bride is a most popular young lady in Logansville and is also well known in this city where she formerly made her home. The groom is principal of the St. Paul's German Lutheran parochial school in this city and is a young man who is held in the highest esteem.

After a trip they will take up their residence in Janesville, where they will receive the congratulations and well wishes of countless friends.

McElroy-Phillips.
In the office of Justice of the Peace M. P. Richardson yesterday the words were spoken that united as husband and wife, Mr. A. J. McElroy and Miss Birdella Phillips. The bride is the daughter of A. J. Phillips, by a former wife and the groom is a son of Mrs. A. J. Phillips, of the town of Le Prairie, and is in the employ of the Eclipse Manufacturing Company, of Beloit. The couple will reside at Beloit.

GRAPE-NUTS.
A New and Highly Nutritious Food. The odd sounding name is used to designate a peculiar food, made not exactly in the shape of nuts, but having a pleasant nutty flavor and crisp brittleness that makes them a charming favorite with the palate.

Of yet more value than the taste is the food value of Grape-Nuts. They are largely composed of grape-sugar, (your dictionary can tell you about that) and those who use them will find the morning meal has not only been pleasant, but has been quick, easily digested; for grape-sugar is an article produced in the human body at one stage of the digestion of food, and is at once ready for transformation into good healthy blood and nourishment.

It should not be understood that the grape-sugar, of which Grape-Nuts is made, has been produced in the human body. But this grape-sugar is made by much the same process as the body employs, and is produced by natural treatment of grains without any foreign substance whatever. It is made by the Postum Co. at Battle Creek, Mich. The result is perhaps

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

**THREE LOCAL MEN
ARE AT SANTIAGO**
JANESVILLE IS WELL REPRESENTED
Lieut. Richardson With the Army, Lieut. Green on Duty With the Montgomery While Musician William Gooden Is Also With the Troops at the Fated City.
Three Janesville men are at Santiago. They are: Lieutenant L. T. Richardson, son of Hon. and Mrs. Hamilton Richardson, 107 Prospect avenue; Lieutenant E. E. Green, of 107 South main street; William H. Gooden, son of Mr. and Mrs. John Gooden, of 51 North Bluff street.
Lieutenant Green was aboard the battleship Montgomery of Admiral Sampson's fleet. This ship has played an important part in destroying the forts about the now doomed city.
Lieutenant Richardson is an officer in the Twentieth Infantry of the regular army.
William Gooden, who left Janesville several months ago enlisted in the United States Twenty-First Infantry band. In a letter received by the young man's father in this city he says that even as early as the first part of last month the army needed soldiers worse than they did musicians and just prior to their embarking at Tampa he writes that each member of the band was presented with a gun and a full fighting equipment and was told to use them instead of instruments. In his letter he further stated that he was only anxious to get a shot at a few Spaniards but that if anything happened to him his folks would find his earthly belongings at Plattsburg, N. Y., where he and his company were camped prior to his removal south.
That the three men are safe there can be no doubt, as the Montgomery has lost no men; the Twentieth regiment was apparently not on the death line at the last engagement; and no musicians have been killed or hurt.

OTHERWISE THE DAY WAS VERY QUIET.
Oscar Johnson and J. Dudley Have Their Eyes Peppared With Powder But Accidents Were Fewer Than In Former Years—Many People Left Town.
The Fourth of July was a quiet day—except so far as the inevitable firecrackers was concerned—and the city was deserted. Many people went out of town, and others spent the afternoon at up river resorts. Fewer accidents than usual were reported, but two young men had their eyes injured by powder.
Oscar Johnson, aged twelve years, was painfully hurt this morning. He had a giant cracker, left over, and planned to fire it this morning. When he applied the match a premature explosion occurred. Johnson's right eye was peppered with grains of powder, but Dr. Thorne, who attended him, hopes to save the eye, as none of the powder grains struck within the line of vision. The Dr. picked out a number of grains that were imbedded in the cornea.
J. Dudley, a son of Janitor L. S. Dudley, 101 Linn street, had his face spotted with a cannon yesterday the larger portion of the powder striking him in the right eye. The vision is likely to be seriously impaired, although the doctor thinks the eye may be saved.
The usual number of social events, fireworks displays, etc., occurred during the day and evening, and many people attended the O. & N. W. flag raising.
The Best Ever Seen.
Prof. Gentry's famous dog and pony show is easily the best show of its kind ever seen in this city and the large tent which will be located on Milwaukee Avenue and Clarence St., Friday and Saturday, July 8 and 9, afternoon and evening, will, no doubt, be taxed to its utmost capacity to accommodate the crowd who will want to see the talented little animals display their various accomplishments, of which they are well supplied. Prof. Gentry's show will be well worth attending, and all the ladies and children should not fail to take advantage of the opportunity to see these wonderful animals who do every thing except talk, and it is said, come very near doing that at times. The prices of admission are, children, 15 cents; adults, 25 cents.

**NAME CONGRESSMAN
ON AUGUST 10TH**
REPUBLICAN CONVENTION IS CALLED TODAY
Will Be Held at Elkhorn and Will Be Called to Order at Noon—The Apportionment of Delegates in the Rock County Assembly Districts.
As will be seen by the official call published in another column, the First Congressional District Republican convention will be held at Elkhorn on August 10, at noon. The basis of representation is one delegate for each 250 votes cast for the republican candidate for president in 1896 with an additional delegate for a major fraction. Under these rules the convention will be composed of 113 delegates. Rock county will elect them as follows:
First Assembly district—nine.
Second Assembly district—eleven.
Third Assembly district—thirteen.
Assembly District Conventions
Two dozen republican committee men from the county of Rock assembled in the municipal court chamber this afternoon for the purpose of setting the day and place of holding the county convention. Capt. W. T. Vankirk was chairman and District W. A. Jackson was secretary. Monday, August 8, was chosen as the day of holding the assembly convention, the First and Second assembly to be held at the court house in the city of Janesville, and the Third at the G. A. B. hall in Beloit. The caucuses will be held three days prior to the conventions which will be held Friday, August 5.

Complaining Witness Did Not Show Up And Case Goes Down.
When the case of the State of Wisconsin vs. James Prien was called in the municipal court this morning the case was dismissed. The complaining witness failed to be found.
Judgment of \$275 on a note was given George Kettis, against Martin Engle and John O. Fossum. There was no appearance on the part of the defendants.
The case of the state of Wisconsin vs. Michael Burns was adjourned till tomorrow at 10 a. m.
Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.
What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Purifiers does it.
Bile is a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.
A little life may be sacrificed to an hours' delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.
The Family Must Suffer.
If a Chinese dies while being tried for murder, the very fact of his dying is taken as evidence of his guilt. He has departed, but somebody must suffer, and his eldest son, if he has one, is sent to prison for a year. If he has no son, then his father or brother gets a flogging. It's all in the family, and justice must be administered.

HOW THE BOYS FARE AT JACKSONVILLE

HEALTH OF THE TROOPS IS EXCELLENT

Soldiers Much Pleased With the New Flag and Cheer After Cheer Rang Out When It Was Shown—Gossip From the Camp Awn—"Down South."

Jacksonville, June 29.—Last evening was the jolliest I've seen among our boys since our arrival here. Mr. Towles of home who came to us with the arrival of Lieut. Baldwin and Corporal Hall, with the last of the recruits, seemed to send a sort of Christmas good feeling all through our line, and truly the distribution of the boxes, bags, and bundles of things to eat, to wear, to drink, and to burn was a strong reminder of the custom of the 25th of December of home days. The questions and remarks of "the gang" as parcel after parcel came to sight out of the big boxes, and the gazing each man received if his package was larger or smaller, or he was fortunate in getting more than the other fellow, made a very happy affair of it all. It was truly funny. The "opening" of the packages was held by squads, test comrades, and it was a happy camp for hours afterward. And I do not think any were happier than the men, strangers to Janesville, who enlisted there and for whom, to their great surprise, the thoughtful ones had sent something.

At the close of dress parade, Lieut. Baldwin, in a few well chosen words, in behalf of those we left behind presented the flag, purchased by Janesville citizens to Co. A. Cheers were given and our war cry, the Rah Rah Wisconsin rang out for the flag, for home and most heartily for Lieut. Baldwin and Corporal Hall.

The cigars presented by Geo. McKey and others and the reading matter sent by our friends, were distributed.

Just east of the colonel's tent, headquarters of this regiment, stands the tallest pine in camp, as straight as a ship's mast and all alone. When Col. Schadel was asked permission to erect a flag-pole he pointed to that tree and said "That will do." Corporal Brown could hardly wait for the day's duties to be over before he had his little hatchet and was up in the air chopping off the limbs. And one of these days we will have a ceremony and the entire First Wisconsin will parade and present arms to that flag as it slowly climbs to its place and unfurls the headquarters flag of the First regiment, the best regiment in Jacksonville.

But that is another story. Private Wilbur has gotten an offer of all the lumber we can use, if we will haul it from the saw mill. By smooth words we are getting mule wagons detailed from quartermaster's department, and doors are rapidly being laid in all of our tents.

By a skillful connection of four halves of an "A" tent the "bald headed bunch" has found a way of having an awning at the back of their tent. Under it they have a table for reading and writing and for their mess. The idea is an excellent one and is being followed by most of the other camps. The First Sergeant's quarters having, besides, an awning three feet in the ground and a box of bottles of pickles—just as can be sent to Reynolds, King, Sheldon, Buchholz or Miner.

The bald headed "push" will be remembered as having their head shaved and U. S. cut in their back hair. It is composed of Goryell brothers, Sloan, Williams, Hammond, Pleasor, with Corporal Collins in charge.

I wish I could describe the depth of the enthusiasm of this man's regiment when our new colors, a regimental and government flag sent from old Wisconsin, were presented, on parade the other evening. Usually our troops are hard to move to applause as silence and immobility on parades have been so thoroughly pounded and drilled into them that they hardly "dared" call their soul their own and thereby being enabled to "put up" the finished military formations they do. But when our beloved colonel swung his old white faced sorrel horse out to the front of his regiment and swinging his gray service hat gave the first tip the hurrah that came in answer from his men, pulled every hat or every head and swung it into the air, as the evening breeze caught the stripes and brilliant purple of the color and all taking place in the light of the most magnificent sunset I have ever seen. And the cheering was rapturous, the entire regiment

forgot themselves long enough to swing into the Wisconsin yell and doing it so well that the colonel himself led a second round with the chaplain and that said, reserved surgeon, "Major" Evans, close seconds.

Orders issued in the last two days confine men to the camp vicinity unless they have a pass, and stop all excursions to St. Augustine or other points.

We are figuring on a "large" celebration here the Fourth. A parade will be held that will be worth seeing. Imagine the volunteers from so many states, from Iowa, Wisconsin, Montana, from all sections of the country, marching past in review. It will take two hours to pass a given point. It will be most interesting from a military standpoint, as these are not "tin soldiers," at least active service, actual warfare has not been our share.

In drawing pay every private had \$8.84 due him. The odd four cents was paid "in a bunch" to Captain Hanson, and all voted to spend their share, in all about \$2.50 for a meat grinder. Consequently we are having hash and hamburger steaks and eating enough to get to pay for the machines. And perhaps the change from bacon "hog-back" for supper isn't appreciated!

This company has its full quota now. One hundred and six men and three officers makes a goodly showing for Janesville. And its quarters cover almost a block in line of tents.

Private Will Brown & Co. E. (Beloit) recruit will be remembered as a son of Rev. Dr. Brown, formerly of Presbyterian church in Janesville.

Sixteen thousand rounds of ammunition are stored in First Sergeant's tent now.

Privates Huller, Gumbert and Flint went to St. Augustine yesterday.

Trunks of clothing continue but the "dis" given us are something to be wondered at and a continual source of amusement.

Awfully dusty, here, and so many teams of mule wagons continually going by, six teams to a wagon, little mules in first team and graduated to big fellows for pole team, that it is impossible to keep clear. And it would be hard for readers of Gazette to understand just what "dusty duty" means down here.

PATRICK R. HUGHES KILLED

Struck By a Train at Carey, Ill. When He Was at Work

Patrick R. Hughes, of this city, was killed by the cars at Carey, Ill., Friday afternoon at 3 o'clock. Mr. Hughes was operating a steam shovel at Carey for a contracting firm that is putting in the double track. The new track is about four feet below the old track. Mr. Hughes was watching the steam shovel and had stepped up on the main track. The shovel makes considerable noise and he did not hear the approaching passenger train until it was almost on him. He was thrown forward and sustained a bad perpendicular cut in the forehead and one of his legs was broken twice, death ensued.

Mr. Hughes was unmarried and about thirty-eight years of age. Besides a widowed mother, he leaves five brothers and three sisters, William F., Mrs. P. H. Dulin and Miss Alice Hughes, of this city; J. B. J. H. and Edward Hughes, all of Chicago; Mrs. Edward Bents, of Tacoma, Washington, and Thomas, of Dickson, Iowa.

The funeral services were conducted by Rev. Father J. J. Collins at St. Patrick's church Monday morning at 9 o'clock. The pall bearers were John Duffey, John Williams, James Campbell, William O'Grady, John Dugan and Edward Fanning.

THE SUNDAY SCHOOL RALLY.

Patriotic Celebration Held at Footville With J. T. Wright in Charge.

The Sunday School rally at Footville yesterday was a patriotic event. Every one, young and old, wore the stars and stripes. Hon. James Sutherland renewed his youth by an admirable address on the relation of the Sunday School to our country.

J. H. Dwyer presented "Thoughts Inspired by the Coming Anniversary." S. Earle spoke of his "Union Mission School Work" and Missionary A. S. Newcomb "On Bible Truths."

J. H. Nicholson hit the mark in his interpretation of "What is True Patriotism."

The attendance was large, thirteen young men coming from Portor twelve miles on their wheels and every one was happy. The event will be long remembered.

A Record Breaker

Hot spells make lively selling of warm weather goods. We are enjoying an immense sale of

Skirts

and show a large assortment. Some idea of the way they sell can be had from the fact that on the 21st we wired for one dozen of a particular style of linen; they were sold in four days and the weather not very warm. Got in two dozen Friday at 10:30 a. m., all sold by Saturday night, to say nothing of the duck and pique skirts, of which we have sold many. Expect another shipment of skirts early this week.

Suits

Showing the best styles of Pique and Linen Suits is what puts us IN THE LEAD. New linen suits received Saturday, tailor-made, with blazer jackets—\$5.50. Our Pique Suits are excellent and the scarcity of good pique by the yard makes them doubly appreciated by the ladies.

Stanley Shirt Waists

No other waists compare with them. We show beautiful exclusive styles. We have them in white pique, dotted muslin, percale, gingham, silk stripes, madras, fancy sheer muslin and solid colors; 50c to \$2.50.

Silk Umbrellas

Lots of changeable silk umbrellas are selling. 75 new ones just received, in pretty reds, greens, blues, browns, purples, with rich handles. Good numbers at \$2.50, \$3.25, \$3.50, \$4, \$5 and \$6. Great assortment of blacks, all prices. Fancy Parasols worth to \$4, all in one lot, choice, \$1.50.

GERMANY'S HOPES.

She May Be a Gainer by the Misfortunes of Spain.

London, July 5.—The Berlin correspondent of the Times says:

"German public opinion and the German press, which are not always identical, are now thoroughly awakened to the inconvenience of the position in which Germany policy has been placed by unfortunate articles on the subject of the Philippines. The papers are now trying to explain the matter away."

"The Cologne Gazette entirely evades the point, when in a long article on the nervousness of the United States, it tries to show that the real grievance of the Americans is the lack of sympathy displayed in Germany for the American cause."

"The National Gazette considers it ludicrous to discuss a partition of a bear's skin before the bear is killed. 'We Europeans,' it says, 'from our own sorrowful experience know what surprises a conclusion of a peace and peace congresses are wont to have in store.'"

"In all human probability the Spaniards will lose their colony, but the Americans will not be the only gainers in the struggle."

Large Force for Shafter.

Washington, July 5.—The First Rhode Island has left here for New York, and it is said will go by the Yale immediately to Santiago. It is said also that Garretson's brigade, consisting of the Sixth Illinois, Eighth Ohio and Sixth Massachusetts, also will at once start for Santiago. Ten or twelve regiments are expected to start from Chickamauga within 24 hours. Railroad transportation has been secured, and 250 cars now are waiting near Chickamauga for the first detachment. It is not known how many men all told will be sent to Shafter's support. It is believed he asked for 15,000 men. Probably twice that number will be sent.

Ships Will Be Impressed.

San Francisco, July 5.—No time will be lost in securing ships for the fourth expedition to Manila. Maj.-Gen. Otis has advised the war department that impressment is the only solution of the transport problem, and word has come to him in reply that vessels will be impressed at once. No date has been set for the sailing of the next ships to go, but there will be no delay on the part of the army. July 10 is mentioned as the probable day for the sailing of the ships.

Satisfied with the Netheroy.

Newport News, Va., July 5.—The cruiser Buffalo, former Brazilian dynamite cruiser Netheroy, arrived here from New York. The run was an official trip only, and Naval Constructor J. J. Woodward and Passed Assistant Engineer S. W. B. Diehl were on the vessel as a naval inspection board. They were entirely satisfied with the trip.

Fulfilled Mahan's Prediction.

London, July 5.—The Daily News remarks: "The present Fourth of July will be memorable. Events seem to be tending to a fulfillment of the remarkable prophecy of Capt. Mahan in 1890, that when the United States once began to busy itself with the affairs of the world it would stretch out its hands to Great Britain."

Hospital Ship Sails.

New York, July 5.—The United States hospital ship Relief, fitted out by the Women's War Relief association, has sailed from this city for Santiago. She flies the Red Cross flag. There is a nursing force capable of caring for 300 patients.

Will Watch for Watson.

Gibraltar, July 5.—It is asserted here that the cruisers Lepanto, Cardinal Cisneros, Alfonso XIII, and Victoria have been ordered to cruise in the straits of Gibraltar and off the Spanish coast in the vicinity of Cadiz.

Passing Through the Canal.

Ismailia, Egypt, July 5.—Admiral Camara's fleet has finished coaling and his ships have entered the canal.

Fatal Head-On Collision.

Paducah, Ky., July 5.—A disastrous head-on collision occurred on the Illinois Central railroad eight miles east of here. Two freight trains were damaged \$20,000 and the track was blocked. All men of the trains escaped but Jake Thompson, engineer, of this place, who was caught in the cab and crushed to death. An unknown tramp was perhaps fatally hurt. Misunderstanding of orders caused the collision. A passenger train came near running upon the wreck, it being on a short curve.

Louisville Property Burned.

Louisville, Ky., July 5.—Fire destroyed the plant of the Globe Refining company, at Floyd and G streets. The loss is placed at \$200,000, with \$150,000 insurance. The origin of the fire is unknown. A few minutes after the alarm was turned in the entire building was in flames. Destruction was rapid owing to the tremendous quantity of oil on hand. The Globe Refining company is one of the leading soap manufacturers of the south. Seven cottages adjoining the factory caught fire from the flames and were destroyed.

Hunting at Algiers.

Gibraltar, July 5.—Ten thousand Spanish troops and 300 civilians are employed on the defenses of Algiers, on the west side of the bay of Gibraltar. It is reported that the Spanish forces in this district will be raised to 25,000 men.

MUNYON SAYS THINK

Well Before Filling Your Stomach With Drugs.

"I could never understand why people will persist in gulping to the grave by filling their systems with drugs and weakening nostrums. It is better to take no medicine at all than the wrong medicine. It is pitiful to think of the sorrow and suffering that have followed and are following in the trail of ignorant or vicious medical treatment. My system is to build up, not to tear down; to strengthen, not to weaken. For this reason I have prepared a separate cure for each disease. Fifty-seven in all."

Munyon guarantees that his Rheumatism Cure will cure nearly all cases of rheumatism in a few hours; that his Dyspepsia Cure will cure indigestion and all stomach trouble; that his Kidney Cure will cure 90 per cent. of all cases of kidney trouble; that his Catarrh Cure will cure catarrh, no matter how long standing; that his Headache Cure will cure any kind of headache in a few minutes; that his Cold Cure will quickly break up any form of cold, and so on through the entire list of his remedies.

TO LEAVE CHICKAMAUGA.

Twenty Thousand Men Ordered to the South.

FIRST DIVISION IS READY.

Western States Are Well Represented—Very Little Preparation Is Needed to Put the Troops in Condition to Face the Enemy.

Chickamauga, Ga., July 5.—An order from the war department to Gen. Brooke to designate about 20,000 men for immediate departure to the south arrived yesterday and at once there was great excitement and bustle in the camp. Gen. Brooke declined to make public the order, but it is understood that he has selected the First division of the First corps and two brigades of the Second division to be moved at once. The First division is composed of the following regiments:

First Brigade—First Kentucky, Third Wisconsin, Fifth Illinois.

Second Brigade—Fourth Ohio, Third Illinois, Fourth Pennsylvania.

Third Brigade—Sixteenth Pennsylvania, Second Wisconsin, Third Kentucky.

Second Division: First Brigade—Thirty-first Michigan, One Hundred and Sixtieth Indiana, First Georgia.

Second Brigade—Sixth Ohio, One Hundred and Fifty-eighth Indiana, First West Virginia.

The regiments of the First division are ready to move. They have been kept busy since the order to prepare for the field came a week ago, getting rid of their excess equipment and clothing, and it will require very little time to break camp and depart.

In anticipation of this order the railways have been accumulating cars at this point for a week. The sidings and switch yards of the Southern and Western and Atlantic railroads are crowded with Pullman cars. It is stated that there are 30 trains of 20 cars each on the tracks here, ready to transport troops. The regiments will embark at Rossville and Ringgold, to insure speedy transportation, as was done when the regulars were moved south, and it is thought by the railways they can move the 20,000 men in two days.

Five Lives Lost at Cleveland.

Cleveland, O., July 5.—Five persons were drowned in the lake here. H. H. Fralick and Miss Jeannette Kaiser lost their lives while bathing, in the presence of several hundred persons. They were floating on a log, when Miss Kaiser lost her hold and sank. Fralick tried to save her, and both went down. Two unknown men rocked a boat, which capsized, and both drowned. One man was a cripple.

We offer 100 dozen of Shirt Waists, with laundered collars and cuffs, all this season's goods, in pretty light and dark colors, with blouse fronts and plaited backs, at 25c each, an unheard of price in Shirt Waist selling in Janesville.

We Want You To Know

that we propose to make business hum during the usual dull months of July. If splendid offers and the greatest bargains will do it. Who ever heard of such an offer on Shirt Waists as we here make you? It is about the price of the laundry work, say nothing of the material and making.

We shall have a great rush for these Waists at 25 cents each so you had better purchase a supply at once.
